- Policy, research, organizing and leadership institute working for racial and economic justice
- Work on variety of major policy areas -
  - Economic equity
  - Health Equity
  - Telecommunications
  - Energy
  - Environmental
  - Leadership Academy

# Environmental Equity Program Vision

- Create equitable and innovative solutions to environmental challenges impacting low-income communities and communities of color.
- When we address the needs, concerns, and sustainability of these communities, we will create meaningful environmental wins for the state and nation.
- In light of these principles, we ensure that underserved communities benefit equitably from climate change and clean energy policies and the opportunities created by an emerging green economy.

# Impact we want to see in the world

# San Diego Efforts

- San Diego Port Sustainable Freight Demonstration Project
- CA Climate Investments
- One-stop shop for low-carbon transportation incentive programs
